## COLLEGE FOOTBALL PLAYOFF AT THE CHICK-FIL-A PEACH BOWL POSTGAME NOTES

### Most Valuable Players

Alabama running back Bo Scarbrough (19-180-2 TD) and linebacker Ryan Anderson (26-yard interception return TD and three tackles) are today's Most Valuable Players.

Scarbrough's career-high 180 yards rushing are an Alabama school bowl record and the second-most in a College Football Playoff semifinal game and his two touchdown runs tie the CFP Semifinal record, shared with five other players. The 180 yards are also the third-most in a College Football Playoff game. Ohio State's Ezekiel Elliott ran for 246 yards in the 2015 National Championship Game vs. Oregon and 230 vs. Alabama in the national semifinal.

Anderson's scoring return is just the second in College Football Playoff history. Ohio State's Steve Miller took one back 41 yards for a score vs. Alabama in the Allstate Sugar Bowl on Jan. 1, 2015.

### A (Very) Crowded Last Hurrah

Today's attendance of 75,996 is a Peach Bowl and Georgia Dome record for the final college game at the stadium.

### Uneven Playing Field

After scoring first on Jake Browning's 16-yard touchdown pass to Dante Pettis with 8:01 left in the first quarter, Washington did not take a snap in Alabama territory until there was 1:46 remaining in the game. Washington had 64 of its season-low 194 total yards on that only touchdown drive. Washington was held scoreless in the game's final three-plus quarters; the Huskies had not gone consecutive quarters without scoring this season.

### Husky Hurler

Jake Browning's touchdown pass was the 43rd of the season, tying the Pac-12 record for a single season. The record was set by Jared Goff of Cal in 2015.

### Rare Miscue

The pick-six by Alabama's Ryan Anderson was the first by a Washington opponent since Oct. 24, 2014 vs. Arizona State. It was also the first time this season that a Washington opponent scored on anything other than an offensive play.

### The Longest Run

Bo Scarbrough's 68-yard touchdown run for Alabama is the longest scoring run in Alabama bowl history and the second-longest in College Football Playoff Semifinal history. Ohio State's Ezekiel Elliott had an 85-yard touchdown run vs. Alabama in the Allstate Sugar Bowl on Jan. 1, 2015.

### **And Another Defensive Touchdown (Corrected from halftime notes)**

Ryan Anderson's 26-yard interception return for a touchdown with 1:13 left in the half is Alabama's 11th defensive touchdown of the season. In total, the Crimson Tide has now scored 15 non-offensive touchdowns (5 interception returns, 6 fumble returns, 3 punt returns, 1 blocked punt return). No other team in the FBS has more than 7 (Ohio State).

### **A Long Streak Extended**

Bo Scarbrough's 18-yard touchdown run extended Alabama's scoring streak to 212 games.

### **Reversing A Trend**

Washington led the nation in turnover margin (+21), but was a season-high minus-3 today, two of those leading to 10 of Alabama's 17 first-half points. Alabama did not commit a turnover for just the third time this year (vs. Kent State and Florida).

### **Halftime at the College Football Playoff Semifinals**

Teams leading at the half are now 3-2; Eventual winning team has outscored losing team, 119-21, after halftime (19.6).

### **2014**

- **Rose Bowl Game presented by NW Mutual:** Oregon led Florida State, 18-13: Won 59-20 (Oregon: 41-7 in second half)

- **Capital One Orange Bowl:** Oklahoma led Clemson, 17-16: Lost, 37-17 (Clemson: 21-0 in second half)

### **2016**

## ALABAMA QUICK QUOTES

### HEAD COACH NICK SABAN

#### On making adjustments in the game

"After the first series I thought we played pretty well. People like these guys have a script, they did some stuff that got us a little off balance and we didn't do our responsibilities. But after we got the flow of the game, I thought we did pretty well on defense."

#### On Bo Scarbrough's performance

"Bo's been playing pretty well for us the last three or four games. We wanted to play him more. He's hard to tackle. He's big and powerful. He's playing with a lot of confidence and he did a great job for us today."

#### On the National Championship and watching the Clemson vs. Ohio State Game

"We got to get ready for another game and take advantage of the opportunities that we have."

# Chick-fil-A Peach Bowl: Washington vs Alabama

Saturday, December 31, 2016

## Nick Saban

## Ryan Anderson

## Bo Scarbrough

Alabama Crimson Tide

Alabama - 24

Washington - 7

THE MODERATOR: Coach Saban is joined by Ryan Anderson and Bo Scarborough. Coach, we'll take an opening statement.

NICK SABAN: I'm obviously really proud of our players in terms of we knew this would be a tough game. I think when you get to this point in the season, especially when you have this much time between games, it's a little bit like running a marathon, which you get at the 20 mile mark and you still feel like you're only halfway there.

But we got more miles to go, and these guys are very committed to it, and they worked hard over the holiday and made a lot of sacrifices, and I was really proud of the way we competed. We knew it would be a tough game out there. They've got a really good defensive team. I think our defense did a really good job against their explosive, big play receivers and offense that they have, and I'm just really pleased with the way we played together as a team.

I thought Eddie's article that he wrote sort of epitomizes the team chemistry that this team has and how they really sort of care about each other and everybody tries to help each other and have each other's back and support each other in doing the right things.

I think that kind of leadership and that kind of togetherness is something that really helped us sustain the kind of effort that we needed in what was a very tough game tonight against a very good Washington team.

THE MODERATOR: We'll start with questions.

**Q. Coach, congratulations. When you guys were on offense, you were kind of behind their defense,**

**seeing how they were attacking your offense. I was just wondering what you were seeing them do on defense and what kind of adjustments you tried to make on offense in response.**

NICK SABAN: I think that we went into this game thinking that we really needed to run the ball. And I think early on, we ran it effectively, especially on our first scoring drive, and then we started to see a lot more inside backer plugs.

We started to see a lot more corner fires, pressures from the edges, and that made it much more difficult for us to run. We were ahead in the game, and obviously I think we have to do a better job at creating balance on offense and being able to throw the ball a little more effectively. And that's something that we'll continue to work on.

**Q. Coach Saban, one of the keys to success of the running game was the 180-yard school bowl record by Bo Scarborough and the tackles that he broke. There were times he was stopped, but he broke tackles, extended the play, scored on one. Just talk overall about the job he did today, please.**

NICK SABAN: Bo has really played well for us, especially the second half of the season when he got healthy. We've been playing him more and more and he has certainly delivered in a really positive way. The long run that he made tonight, broke a tackle, and, you know, the one he had at Tennessee that was a long run, guy hit him in the hole, but I think that's what makes him a great player.

He's got great size and speed. He can run behind his pads. He's got good vision. He's a good receiver and he can block. So he can do all the things that any good running back can do. His productivity has certainly been a benefit to this team, especially the second half of the season.

**Q. Coach Saban, I wanted you to comment on Anthony Averett tonight. I thought he was really good in coverage and also played a great all around game. It set the edges for the running game and allowed them to have a lot of big plays on the perimeter runs.**

NICK SABAN: I think that Anthony has played well for us all year, probably gets a little overlooked based on some of our other players. But he's been a very

consistent player for us all year long.

I think that you really have to talk about, if you want to talk about the defense, you almost can't talk about an individual player, because we played a lot of split safety coverages tonight, which we knew we had to play to take away the RPOs and their vertical passing game and number 1 who is a big play player and a very good player.

So that starts with the guys up front being able to stop the run, when you don't have an extra safety in the box all the time, which we hardly ever did.

So I think they all did a good job. The front guys did a really good job of allowing us to play that way, and then the back end guys did a really good job of executing what we needed to do to take those big plays out of the game. They also, the front guys affected the quarterback, which I think has huge in the game as well.

**Q. Could you talk more about the secondary either season-wise or tonight because there are so many guys doing different things, playing different spots, moving around than maybe we thought they would back in August and the depth and versatility for so many of the guys back there?**

NICK SABAN: We have six guys that really do a good job. They've all played now the positions that they're playing. Ronnie played the six DB last year, so he had a lot of experience at that. He didn't have to play safety. Now he plays safety and dime.

Minkah played star. Now he has to play safety since we lost Eddie and he's done a really good job at that. Tony Brown has stepped up very nicely for us and filled in at star.

So Marlon and Anthony have done a good job at corner. And Hootie Jones has done a good job when he's come in as a six defensive back. So those six guys have done a really good job for us.

Past that, we have a lot of young guys who don't have a lot of experience but they have made a lot of progress this season and have made a lot of improvement as well. They didn't have much of an opportunity to play tonight.

**Q. Bo, did you know this day would come and was there ever a point when you began to doubt that this day might come or at least that it might come this year?**

**And for Ryan, you don't see a lot of running backs his size. I guess you had one last year. What did you think of this guy when you first saw him?**

RYAN ANDERSON: I thought he was a monster. I saw him make those runs against us in scrimmage since he got here so it wasn't a surprise to me.

BO SCARBROUGH: It's just trust in the process and believing in your teammates and believing in yourself that you can get the job done if the coach can trust you.

NICK SABAN: I'd like to make a comment about that, because Bo has always been a really hard worker, and he's had some obstacles to overcome, mostly little injury type things that have plagued him a little bit. But never once did he put his head down. Never once did he get frustrated or discouraged. Just kept working. Every time you call on him, he's ready to roll.

And you guys know me. Whoever's hot, that's who's going to get the ball and he's been hot lately and he's going to get the ball.

**Q. Nick, kind of following up on that, was it a plan to get him involved in the offense early and just kind of, you know, he hasn't had a ton of carries this year. Obviously, later in games. But that, and then also after the amount of injuries he weathered in high school and in getting to Alabama, how rewarding it is to see this?**

NICK SABAN: It's very rewarding to see him have the kind of success he's having, knowing what he's been through and what he's had to overcome physically. He's done a nice job of showing a lot of perseverance in that.

He played really well in the SEC Championship game. I think, you know, you all look at stats all the time. We look at how guys play and he played very well in that game and was very productive. So it was the plan to get him in the game earlier today, but our game plan was to run more direct runs, and that's one thing that he's done extremely well for us.

**Q. Ryan, can you take us through what you saw in that interception return and how that was a real game changer for you guys, like it really has been all year when the defense has been able to score?**

RYAN ANDERSON: I was rusher, and Reuben gave me a call to peel the back. I peeled him, and the quarterback didn't see me and I just picked it off.

NICK SABAN: That was a great job of those two guys executing, and it shows you that guys aren't unselfish at all. When the back was offset to an open end side, we wanted Reuben to rush the A-gap, and Ryan to take the back. And, you know, he's a great pass rusher, but that also helped our protection. And at the

back block, Reuben, we got an extra guy rushing. So they did a nice job in practice of executing that and they did a really good job.

I don't think the quarterback expected Ryan to peel the guy on that play, and threw the ball out there and Ryan made a great play and a great run, and it was a big play in the game.

**Q. Nick, can you just talk about how Eddie Jackson has helped this defense out while he hasn't been able to play? A lot of guys were complimentary of him.**

**Ryan, how much of an influence has Eddie been for you?**

RYAN ANDERSON: Well, me and Eddie, we're real close. I'd say me and Eddie, probably all the guys on the team are the closest, the dude that I'm closest to. So when he first got hurt, man, it just, at that moment, you know, I actually asked Coach could I wear his number, because I really was hurt about that, that he couldn't finish the year how he wanted to. Based on the fact that he came back, he's just been there, and he's like a coach now, man. So it means a lot to us and it means a lot to us to go out and win for him.

NICK SABAN: Did you see the article that he wrote? Well, the last step of that, the last sentence of that said something like, I would give up anything to go out there and play with my brothers again. So you guys take advantage of every play that you have.

But I think that one thing that I took from that article that some people don't realize, especially if you haven't played on a team, especially a football team, which is probably the greatest team game there is, because there's more participants, that no matter what you search for in your life, no matter where you go, what you do -- I mean, we went to the Martin Luther King Center. We've been all over this town this week.

When you're in that huddle, there ain't nobody special. Everybody's together. Everybody has respect for each other, and everybody appreciates the job that everybody else does. And you can go a long way in doing a lot of things, and you may never find that. You may never find that. But you find it when you play football and you play together as a team.

I think that article epitomized the defensive chemistry that we have and how important those guys are to each other and how they play well together.

**Q. For Bo, if I have it right, three season ending injuries in high school. Can you kind of reflect on that and just really how far it's come for different**

**injuries, pushing your body, are getting your body back and then starting off with the knee injury at Alabama and just all of that to get here and to have this performance on this stage?**

BO SCARBROUGH: By having so many injuries, it's really a mind thing. You can't let your mind take over your body. You just got to keep pushing and keep pushing. That's what I did. I worked at it every day.

Then another injury came, so I treated it like the same one. So I didn't let it get to my head so I just kept working and working, and I overcame the injuries.

**Q. Bo, can you take us through that touchdown run? I mean, you're two or three inches from losing it all right at the line of scrimmage, and had to collect yourself, then you had to make somebody miss, then you made a cut. Kind of take what it looked like through your eyes?**

BO SCARBROUGH: I mean, you'd have to ask my offensive line about that, because, you know, they did their job and I just took what they gave me.

Like it's just the process and you've got to trust the plays you're running and you got to believe in your offensive line that they're going to get it done. When you get to the secondary, you're on your own, basically, because the offensive line did their job. So I really think you should ask the offensive line what they did to get me through there.

THE MODERATOR: We'll end it there. Thank you, everybody.

NICK SABAN: Thank you, appreciate you all. Happy New Year, everybody.

#### ***On winning the game:***

"It's real special. Everybody wants to play here and it's exciting to know you've accomplished something with your brothers."

Even though things weren't going our way in the beginning, the energy that the crowd brought helped us continue to push and make those plays."

#### ***On Bo Scarbrough working through his injuries:***

He worked for it. He worked through it and does not get down. We all know the type of player Bo can be and the way that he worked through them all throughout the course of the season. To have a great game like this is really unbelievable and it's credit to his hard work."

#### ***On being on a team like Alabama:***

"It's games like this that make you appreciate the game. Coach Saban says that being a part of this team is like nothing else. You're not going to have any sort of prejudice or discrimination. All you have is a great group of guys who are working toward a common goal."

**ALABAMA EXTENDS SEASON RECORD FOR INTERCEPTION RETURNS FOR TOUCHDOWNS:** Alabama extended its school single-season record for interception returns for touchdowns to six with Ryan Anderson's second-quarter return. The previous record was four by the 2015 and 1995 teams.

**WILLIAMS MOVES UP CAREER SACK LIST:** With his half-sack against Washington today, senior linebacker Tim Williams moved into sole possession of seventh place on the Alabama career sack list. Williams now has 21 sacks for his career and nine in 2016. Wallace Gilberry (2004-07) is in sixth with 21.5. Derrick Thomas is the Tide career leader with 52.0.

**AVERETT AND EVANS EQUAL CAREER HIGHS IN TACKLES:** Junior defensive back Anthony Averett and junior linebacker Rashaan Evans equaled their career highs in tackles with eight and seven stops, respectively. Averett previously recorded eight tackles in the Tide's 2016 season opener vs. Southern California. Evans equaled his previous high of seven set at Arkansas on Oct. 8.

## **OFFENSIVE NOTES**

**SCORING STREAK CONTINUES:** Alabama's school-record consecutive games scoring streak was extended to 212 games today with Bo Scarbrough's 18-yard first quarter touchdown run. Alabama was last held off the scoreboard in a 9-0 loss to Auburn on Nov. 18, 2000.

**SCARBROUGH'S CAREER NIGHT:** Sophomore running back Bo Scarbrough turned in a career performance to earn Chick-fil-A Peach Bowl Offensive MVP honors today. Scarbrough rushed for a career-high – and Alabama bowl record – 180 yards. The yardage total breaks the previous Tide bowl record of 166 yards set by Sherman Williams against Ohio State in the 1995 Citrus Bowl. Scarbrough's 19 carries is also a new career high and his two touchdowns equals his previous career high set vs. Florida in the 2016 SEC Championship Game on Dec. 3 at the Georgia Dome. The two scores also ties for the second-most in Tide bowl history. Scarbrough's 68-yard touchdown run in the fourth quarter is also an Alabama bowl record. The previous long was 67 yards by Dixie Howell against Stanford in the 1935 Rose Bowl.

**HARRIS OVER 1,000 YARDS RUSHING IN 2016:** Sophomore Damien Harris became the 16th Alabama running back to reach the 1,000-yard mark in a single season. Harris now has 1,013 yards on the season after rushing for 30 yards on nine carries against Washington today. Overall, Tide backs have reached the 1,000-yard plateau 21 times in Alabama history. Harris is the seventh back to achieve the feat under head coach Nick Saban.

## **SPECIAL TEAMS NOTES**

**NON-OFFENSIVE TDs IN THE SABAN ERA:** Ryan Anderson's 26-yard interception return for a touchdown is the 59th non-offensive touchdown of the Nick Saban era and the 15th for the Crimson Tide this season, extending the Crimson Tide's single-season record. The 15 non-offensive touchdowns leads the Football Bowl Subdivision and are the most by an FBS team in the last 20 years. The Tide has now scored an FBS-best 123 points off turnovers this season.

**GRIFFITH NOW SECOND ON ALL-TIME SCORING LIST:** With his six points today (1 FG, 3 PATs), senior placekicker Adam Griffith has scored 122 points in 2016 (20 field goals and 62 PATs) to give him 350 career points (56 FGs, 182 PATs), good for second place on the Alabama career scoring list. Griffith also ranks second on Alabama's all-time kicking points scored list. Leigh Tiffin (2006-09) is Alabama's all-time scoring and kicking points scored leader with 385 points (83 field goals, 136 PATs).

**GRIFFITH AMONG CAREER PAT & FIELD GOAL LEADERS:** With his three extra points, senior placekicker Adam Griffith has 62 this season to extend his Alabama career school record to 182. ## Chris Petersen Washington Huskies

Alabama - 24

Washington - 7

THE MODERATOR: We'll take a short opening statement, go right to Q&A.

CHRIS PETERSON: They kind of are what we thought they were. Really, really elite championship defense and, you know, good players across the board.

Really pleased how hard our guys played, especially on defense. You know, everybody on that field, both sides, played extremely hard. But I thought we played really elite defense. Didn't tackle one time and the back made a great run, broke about five tackles. We had him.

Other than that, I thought those kids really played good. They beat us with our own game. They got the two turnovers, really three with the last one, but two were ten points right there that we gave them. When you're playing this type of game, when the margin for error is that small, those things are going to show up. So yeah.

**Q. Coach Petersen, did you sense more of a commitment from them in the second half to running the ball, and what did you try to do to stop it?**

CHRIS PETERSON: Well, we kind of thought they'd run the ball. That would be their plan. That's kind of what they do, and that's what they're good at. They keep you off balance with some bootlegs and those type of things. But they're all about running the ball.

I thought our guys did a good job of just shedding blocks and running to the ball. And they did run the ball effectively, but we played good enough defense to keep them out. The turnovers and then the one big run really got us on our defensive side.

**Q. Coach, you had a couple of near turnovers, an interception and a fumble you almost recovered. How pivotal would those have been?**

CHRIS PETERSON: Yeah. I mean, if you can make them, they're game changing. You don't know what's going to come out of them, but it's game changing. I

mean, they had their two turnovers, and it was a field goal and a touchdown.

You feel with that type of field position, that type of momentum, good things are going to happen. Our guys know it. We just couldn't quite make the play for whatever reason.

**Q. Coach, how big of a momentum changer was that interception returned for a touchdown right before half?**

CHRIS PETERSON: Yeah, that was, you know, that was hard. There's kind of those hidden quarters in the game, and the last five minutes of a half is always really important that you at least get a stalemate. You don't want the momentum going against you at halftime, but that was really big.

They did a great job. They brought the blitz and we had all guys out and Jake tried to get rid of it and the end that peeled did a great job, made a great play.

**Q. Even with your understanding and expectation that this is an elite defense for Alabama, how disconcerting is it for you when you see your offense that you're accustomed to seeing 31 or more points, getting stopped after the opening drive?**

CHRIS PETERSON: It was disappointing we didn't move the ball better. We've studied every snap that they've had this year and the tape doesn't lie when you watch that much tape. I mean, that's as good a defense as there is out there in college football, and they played like it.

Would we have liked to have moved of the ball better and do we think we could have, we'll put the tape on. There's always stuff that you think you can do better.

**Q. Just to follow up on the interception, was it more of a misread or that was where the ball was supposed to go and the guy just made a great play?**

CHRIS PETERSON: Yeah, he made a really good play. Jake was just trying to get it out of his hands. A lot of times, ends peel and it's either incomplete or we get it to the back on an end. But they timed the blitz good. For that blitz, we don't really like that play. So they had us.

**Q. Chris, just your thoughts on the scrum at the end. Couldn't really tell what happened there.**

CHRIS PETERSON: It's an emotional game. I don't really know what happened. I just didn't appreciate how our guys reacted. What are you going to do? It's not the game. They're not going to fight. What are we talking about? I just didn't appreciate that.

**Q. Chris, obviously, there are no moral victories, but can you just talk about where your team is now compared to when you first took over at Washington?**

CHRIS PETERSON: Yeah. Feel good about that. From this time last -- I mean, we ended this time last year on a positive note, playing a real strong game and felt good about ourselves. Any time you don't win the game, you feel really not good.

I mean, but I think when you step back and look at the big picture, the bar's been moved up, been moved forward. Kids know it. I think we go back to ground -- square one, ground zero in a few weeks when we start training again.

That's the thing we noticed last year with these guys is they had a chip on their shoulder and there was a mindset that did not go away all season long from a year ago.

And so I think hopefully they've gained good confidence from this season, but I think there's also some lessons to be learned in this game, you know, what we have to do to truly compete on this elite level.

**Q. To piggyback off that, Chris, how much does it help that now your kids do know what it takes to get here. Does this set up a situation where next year, this is their expectation?**

CHRIS PETERSON: Yeah. You know, I think their confidence -- I mean, they've seen it. They've felt it. They've tasted it a little bit. So that's good. But I think our job as coaches will be to take them back to what got us here.

The bar has been moved forward, but we don't pick up with our new team next year right where we are here. But I feel good about the guys that we have in that locker room that will be coming back, and some really good leadership. So we feel good about all those things.

**Q. Alabama is obviously at the top of the mountain. Do you have a feel now how close or how far you might be from that level?**

CHRIS PETERSON: Yeah. It's hard to know. That defense is good. I mean, you're going into this game

knowing this is going to be tough sledding. This is going to need to be a low scoring game for us to be able to win, because they're so good against the run and they might be better pass rushers. I don't know.

And our defense, like I said, they played the game that we needed to play on defense. If we just could have got a turnover or two more -- you know, one of those turnovers could have helped us.

But really, on offense, we just hadn't turned the ball over, I think that would have changed at least the feel of the game.

**Q. Obviously, you got a heartbroken locker room. Is there anything you can say to them? What did you say to them to give them any sense of peace, even?**

CHRIS PETERSON: Yeah. We always talk about this. If we've played as good as we can play, if we prepared as hard as we can prepare and we really did those two things and then we just lay it on the line and someone beats us, we don't like it, but we got to be able to be okay with it and learn from it, and that's always been our message. And so that happened tonight.

Along those lines, you know, we also talked about the bar has been moved in that locker room, and they get that. So they got a taste of it. And so that's awesome, and so I think that can change your mindset. But it's not like we -- when we go back to work, we're the same team. So it's a balance between knowing that they can do some special things if we kind of go back to our humble roots of starting over.

THE MODERATOR: We'll end it there. Thank you, Coach.

CHRIS PETERSON: Thank you, guys.

## WASHINGTON QUOTES

### **OFFENSIVE LINEMAN #72 TREY ADAMS**

#### ***On having mixed emotions about the game:***

"We wanted to beat Alabama. We came this far, had a great season and still lost so that's disappointing. We're 12-2 now. I love all these guys, especially the seniors."

#### ***On the game plan going into the game:***

"We had some of best plays from the season prepared. We worked on them in the three weeks we had to prepare because we wanted to use our best plays. We had an off night. We can block them and I think we showed that we can block them. We had a decent game. They're a hard defense to go against."

### **CORNERBACK #20 KEVIN KING**

#### ***On the Team's Defense:***

"From a defensive perspective, I thought we did what we were supposed to do. Playing a team that has a defense like they have, it comes down to a few plays here and there. They got two turnovers and we didn't. We had a chance to get a fumble back and didn't. We played well, but we could have played better. (Bo Scarbrough) got that long run, and that's something that can't happen. I'm proud of the way we fought."

#### ***On Takeaways from the Game:***

"We showed everyone that with a few plays here and there, that game could have gone another way. I'm proud of what this team can do moving forward."

## WASHINGTON QUOTES

### WIDE RECEIVER #8 DANTE PETTIS

#### ***On Facing Alabama's Defense:***

"We had a good game plan, but we didn't execute it the way we thought we should have. They have a good defense - there's no doubt about that. I thought we had a good game plan coming in. We missed a few opportunities. We turned the ball over a few times. When that happens, it's hard to beat a team like them."

#### ***On Scoring the Game's First Touchdown:***

"It was so early, but it was definitely good to get us off to a good start like that. We thought that since we started off so fast, we wanted to keep it going. We should have been able to do it some more."

#### ***On the Team's Perspective on the Season:***

"It went above other people's expectations. Our (expectations) were to win a national championship, and we fell short of that. It is good to get this far, but we fell short of what we wanted to do."

## WASHINGTON QUOTES

### WIDE RECEIVER #1 JOHN ROSS

#### ***On Facing Alabama's Defense:***

"It's pretty frustrating. As an offense, you always want to go forward and not give the ball away. We know they have a good run defense, but we still wanted to run the ball. It just didn't go our way. I just think they were where they were supposed to be. They did fly to the ball and did a really good job."

#### ***On Alabama's Game Plan:***

"It definitely felt like they were trying to take me out of the offense. But that's happened all season. We have to do a better job as a unit. I could have played better, and we all could have played better."

### QUARTERBACK #3 JAKE BROWNING

#### ***On The Team's Season:***

"You remember all the good times. You remember this game, but also the times in the locker room. You don't remember specific stats. You remember experiences and how everyone treated each other. It hurts now, but it's something we're proud of. It's been a successful season and we can only get better from here."

#### ***On Facing Alabama's Defense:***

"They are really fast. We knew that coming in. They have a lot of really good athletes. I have to do my job going through my reads. The O-lineman did a good job. I walked into some sacks and have to be better with the ball. We'll know more when we go through the film. That's a great defensive line, and I'll be curious to go back and see how we matched up."

#### ***On the Alabama Interception Return TD:***

"It totally changed the momentum of the game. They've had some games where it's been close, and then they'll get a defensive touchdown and get rolling. I have to throw it away and stop trying to make something about nothing."
